

10th Anniversary - 2021

2021 - K9 Health Clinic
Saturday, August 7, 2021
9:30 am – 4:00 pm

NEW Location – What a Great Dog! – R2 (see page 4)

675 N. Glenville Dr. # 165
Richardson, TX 75081

EYE CLINIC

Dr. Terri Baldwin, DVM, MS, DACVO - Diplomate Veterinary Ophthalmologist

Dr. Terri L. Baldwin graduated from Purdue University Veterinary Medical School in 2000 and then completed a one year internship in Small Animal Medicine and Surgery at the University of Illinois in 2001. Dr. Baldwin then performed a Comparative Ophthalmology Residency at the University of Illinois in 2004 and received her M.S. in 2004 as well. Currently Dr. Baldwin is working in Clearwater, Florida with BluePearl Veterinary Partners. The Eye exam is a general eye exam, which screens for genetic and non-genetic abnormalities in dogs that are being considered for a breeding program. The Eye exam is not a medical examination for existing problems.

CARDIAC CLINIC - (Auscultation and on-site Echocardiogram)

Ashley B. Saunders, DVM, DACVIM (Cardiology) - Associate Professor of Cardiology

Dr. Ashley Saunders is an Associate Professor of Cardiology at Texas A&M University and a native Texan. She is board certified in the specialty of cardiology by the American College of Veterinary Internal Medicine and is a Fellow of the Michael E. DeBakey Institute for Comparative Cardiovascular Science and Biomedical Devices. Dr. Saunders has numerous publications in the areas of congenital heart disease, interventional cardiology, and heart failure management. She serves as an editor for the Journal of Veterinary Cardiology. In addition to being named a Texas A&M University Center for Teaching Excellence Montague Scholar in 2009, she has been awarded the Richard H. Davis Teaching award for demonstrating outstanding ability as a teacher.

AKC CANINE GOOD CITIZEN (CGC) TEST – check registration form for times.

An AKC certified CGC Evaluator will be on hand to administer a limited number of CGC, CGCA and CGCU tests. The test is open to all purebred and mixed breed dogs. CGC is a certification program that is designated to reward dogs who have good manners at home and in the community. The CGC provides an excellent foundation for all other training. *In order to do the CGCA test, you must bring a copy of your dog's CGC certificate!* The CGCA test is the next step once the dog has attained the CGC. The CGCU test is the advanced test after your dog has attained its CGCA. Visit www.K9HealthClinic.weebly.com to view the tests.

AKC Reunite ISO MICROCHIP IMPLANTATION

Please have your pet's date of birth. You may designate a secondary contact person. Please have their phone number and email address.

DNA Tests Offered AND Discount information on page 3

We have negotiated special K9 Health Clinic pricing with the American Kennel Club DNA, Embark, Paw Print Genetics, and Optimal Selection/MyDogDNA/Wisdom Health. These DNA kits are Pre-paid by you (except AKC DNA kits – see notes on page 3) and will be sent to you. Allow plenty of time to receive your kit so you can bring them to the clinic.

For questions regarding DNA testing, please contact Patti Benton at labtrainersx2@verizon.net

- We will do the cheek swabs at the clinic and have one of our vets sign the OFA Verification of Permanent Identification form. In order to save time, please download this form, fill it out and bring it to the clinic. https://www.ofa.org/pdf/vpiapp_bw.pdf
- The owner will be responsible for: ordering their desired DNA kit, completing the appropriate paperwork and mailing their completed DNA kit back to the testing facility.

*******IMPORTANT NOTE ABOUT DNA TESTING*******

Please check with your breed club in order to determine which DNA tests are suggested or required for your breed to receive a CHIC number.

OFFA, AKC and/or UKC do not determine what is needed for each breed. Your breed club determines this.

Your breed club may even recommend a particular testing facility.

SCHEDULING - For scheduling information contact: Stephanie Ayers at 469-231-9146 or via email at stepperayers@yahoo.com

The K9 Health Clinic is **August 7, 2021 from 9:30 am- 4:00 pm** Appointments and time preferences will be on a first come first serve basis. Please indicate your time preference on the registration form. We will do our best to accommodate your request. You will be notified of your appointment time approximately one week prior to the event by email or phone (if email is not available). You may be scheduled in a time frame *earlier* than the one you requested if enrollment in the selected clinic is low. Conversely, you may be scheduled in a time frame *later* than the one that you requested if enrollment in the selected clinic is high. If you register for multiple services, every effort will be made to cluster your appointments. *Please arrive at the clinic 15 minutes prior to your scheduled time.*

All services by appointment only. Registration deadline is **July 31, 2020** www.K9HealthClinic.weebly.com

10th Anniversary - 2021

DNA INFORMATION

BONUS: You may use our K9 Health Clinic discount codes for

Embark * **Optimal Selection/MyDogDNA/Wisdom Health** * **Paw Print Genetics**

even if you cannot come to our clinic on August 7, 2021

(AKC DNA requires on site collection to receive discount.)

American Kennel Club–DNA

Purchased day of clinic for \$40.00 per DNA kit. **Make check payable to AKC and pay AT the clinic.** These are normally \$50.00 or \$45.00 if prepaid.

Please put a note in the Comments section if you would like to purchase AKC DNA kits so that we will have them available for you.

Here is a reminder of instructions for submission:

• **All DNA Samples are to be collected at the event.**

- To be eligible for the discounted price of \$40 per dog, a representative mails the collected DNA samples to my attention in one package within 10 business days of the events closing.
- Any samples that come directly from dog owners will be charged the regular \$50 price.
- Customers should make out their individual checks to the American Kennel Club or they can include their credit card information on the sample submission form.

AKC DNA Profiling is for parentage verification and genetic identity purposes only.

It does not provide information regarding genetic health, conformation, performance ability, coat color, etc.

AKC DNA does not determine breed or breed purity.

Embark – www.embarkvet.com/breeders

Use coupon **K9HEALTH21** and save \$20 on all Embark for Breeders DNA Kits from July 1st to August 31st, 2021. To order using this coupon, visit embarkvet.com/breeders or call us at +1(224)236-2275 to speak to our award winning customer service team.

Experience the Embark Difference

The only DNA service that combines comprehensive testing with proactive canine health research

- Full panel testing highlighting bred relevant health conditions, coat color, traits, and more
- One check swab/one low price (no single tests or panel add-ons)
- Genetic COI reports with free mating evaluations
- Free Veterinary Geneticists consultations
- Research Partner of Cornell University College of Veterinary Medicine

Please note - discount special cannot be applied to previous orders or combined with other offers.

Optimal Selection™ Canine (US/Canada) and MyDogDNA® (Europe/Asia) by Wisdom Health™

<http://www.optimal-selection.com/>

Use coupon code **BIGD2021** for a 15% discount from **July 3rd-August 28th 2021**

To order kits go to: www.optimal-selection.com or www.mydogdna.com Order the kit(s) online and bring to the clinic, or self-serve at any time.

Our experienced team of customer service specialists, veterinarians and researchers are happy to answer any questions you may have at info@wisdomhealth.com or 855-619-1884.

Launched in 2010, Optimal Selection and MyDogDNA offers gold-standard DNA panel results, includes 200+ diseases, 40+ traits, and diversity information for *any* breed. Our results are known for quality and reliability, and all disease results are OFA recognized. OptiGen® prcd-PRA and CEA are included in results at no extra charge.

Paw Print Genetics - <https://www.pawprintgenetics.com> AskUs@pawprintgenetics.com

Use promo code: **BIGD21** at checkout. The code is active **July 17, 2021 - August 7, 2021.**

To order: Go to <https://www.pawprintgenetics.com/> or call them at 509-483-5950 or toll free 1-855-202-4889.

Ex: Labrador Essential Panel (reg. \$350 for 10 tests). Only \$175 when this discount code is applied.

Why Paw Print Genetics?

- Free consultations with our certified veterinarians and PhD geneticists who are experts in clinical diagnostics
- Results in two weeks or less with an easy-to-use online account
- Receive a detailed laboratory report signed by a PhD geneticist and certified veterinarian for each dog tested
- The most reliable and trusted laboratory providing canine genetic testing
- Unique concierge level of customer service

Please note that this discount cannot be applied to previous orders or combined with other offers.

Discount excludes Parentage, Clear by Parentage certificates, and DNA Profiling.
