<https://www.valleyranchpetclinic.com/integrative-medicine-services/>

455 Cimarron Trail, Irving, TX 75063

DNA INFORMATION

BONUS: You may use our K9 Health Clinic discount codes for
embark * Optimal Selection/MyDogDNA/Wisdom Health * Paw Print Genetics
even if you cannot come to our clinic on August 6, 2022
(AKC DNA requires on site collection to receive discount.)

American Kennel Club–DNA

Purchased day of clinic for \$40.00 per DNA kit. **Make check payable to AKC and pay AT the clinic.**

Please put a note in the Comments section if you would like to purchase AKC DNA kits so that we will have them available for you.

Here is a reminder of instructions for submission:

• **All DNA Samples are to be collected at the event.**

- To be eligible for the discounted price of \$40 per dog, a representative mails the collected DNA samples to my attention in one package within 10 business days of the events closing.
- Any samples that come directly from dog owners will be charged the regular \$50 price.
- Customers should make out their individual checks to the American Kennel Club or they can include their credit card information on the sample submission form.

AKC DNA Profiling is for parentage verification and genetic identity purposes only. It does not provide information regarding genetic health, conformation, performance ability, coat color, etc. AKC DNA does not determine breed or breed purity.
